## SKILLS

### Programming Languages:

- C
- C++
- SQL

### Web Technologies:

- HTML
- CSS
- JavaScript

### Version Control:

- Git
- GitHub

### Software & Tools:

- VS Code

## AWARDS

📖 **Certification:** C++ with DSA  
**Platform:** PW Skills  
**Completion Year:** 2025

📖 **Best Final Year Project Award**  
[Shanti Institute of Technology] (2025)

## PROFILE

"I am a Software Developer with experience in C++, Data Structures & Algorithms, and Web Development. I have hands-on knowledge of building web applications using HTML, CSS, and JavaScript, along with problem-solving expertise in C++. Passionate about optimizing code efficiency and creating scalable applications."

## EDUCATION

Bachelor of Computer Applications (BCA)  
[Shanti Institute of Technology]

2022 – 2025

- **Relevant Coursework:** Data Structures & Algorithms (DSA), Web Development, Database Management, Operating Systems
- **Completed projects in** C++, SQL, HTML, CSS, JavaScript
- **Active participant in coding contests on** LeetCode, CodeChef

## EXPERIENCE

### Academic Projects (College Projects)

**Project Name:** Basic Calculator

**Technologies Used:** C++

**Short Description:** Developed a command-line calculator for basic arithmetic operations using loops, functions, and error handling.

### Key Achievements:

- Implemented robust error handling for invalid inputs and division by zero.
- Created a user-friendly, menu-driven interface.
